

Paracanoe

Talent Identification Days

Have you got what it takes to be a future Paralympian?

What will the day involve?

The Paracanoe Talent Identification Days involve a range of tests relating to the Paracanoe Olympic event of 200m. The testing will take approximately one hour inclusive of briefing and warm up.

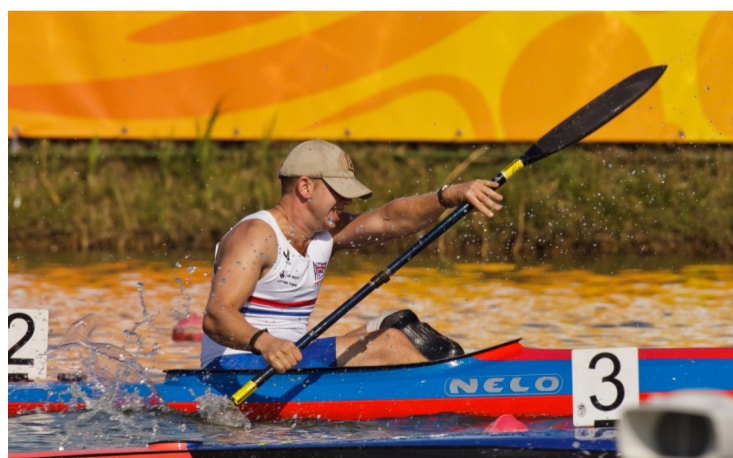

Upon arrival you will be given a time slot and group ticket that will indicate the time at which your testing will start. Depending on your group and timeslot there will be some waiting around so bring a good book! There is a cafe on site.

Is it for me?

The Paracanoe Paralympic disciplines are currently restricted to physical disabilities only.

A - has use of arms
TA - has use of trunk and arms
LTA - has use of legs trunk and arms.

Therefore on this occasion we will be unable to test those with hearing/visual impairments or intellectual disabilities. For further information please contact the BCU disability officer:
clarise.smith@canoe-england.org.uk
