

Time To Listen Workshop

Attention Canoe England Club Welfare Officers

The Time to Listen workshop is designed to help you and your club develop best practice for Safeguarding and Protecting children in Paddlesport. Developed by the Child Protection in Sport Unit of the NSPCC it incorporates Canoe England specific documents and information that is essential training for CWOs. Many clubs have concerns about their responsibilities for Child Protection—this workshop helps to define what is required and provides CWOs with information and guidance to be able to carry out their role with confidence.

What are the Pre- Requisites for the course?

Before attending you must have attended a Sports Coach UK Safeguarding and Protecting Children Course or equivalent.
